2. **WHEN MAY THE CREDIT BE CLAIMED?**

   The credit may first be claimed on taxes due for the year the contribution was made and may be extended for five additional tax years until the credit is exhausted. The tax credit is only claimable for the six year period and any credit not claimed in that timeframe will automatically be forfeited. The credit may not be used to offset taxes due for periods prior to contribution.

3. **MAY CREDITS BE TRANSFERRED OR SOLD?**

   No, NAP tax credits are not transferable or sellable.

4. **IS THE NAP CREDIT REFUNDABLE?**

   NAP tax credits are not refundable. Credits can only be used to offset actual liabilities. If you have credits in excess of your liabilities, you are allowed an additional 5 years to claim them. Any unused credits will be forfeited.

5. **HOW MUCH CREDIT MAY AN INDIVIDUAL CLAIM?**

   The amount of credit an individual may claim in any one year is only limited by his or her total liability; it is not limited to that portion of income that was business-related.

6. **WHO IS ELIGIBLE TO RECEIVE THE NAP TAX CREDIT?**

   The Missouri Neighborhood Assistance Act makes this credit available to any person, firm or corporation with business income in the State of Missouri. Besides corporations, this includes financial institutions, insurance companies, express companies, partnerships and their individual partners, small business corporations (S-corporations) and their individual shareholders, limited liability companies and their individual members, and individuals who either own and/or operate their own business, own and operate a farm in Missouri, or receive income from royalties or rental property in Missouri.

7. **WHEN MUST THE TAX CREDIT APPLICATION BE SUBMITTED?**

   Current NAP Rules require the Tax Credit Application be submitted to DED within one year of the date of donation or the right to the credit is forfeited.

8. **DOES THE NAP CREDIT APPLY TO WITHHOLDING TAX?**

   The NAP tax credit may not be used to offset withholding tax. NAP tax credits may only be used to offset income tax, franchise tax, financial institution tax, gross premium receipts tax, and gross receipts tax.
9. HOW DOES THE CREDIT AFFECT MY QUARTERLY ESTIMATED TAX PAYMENT?
Taxpayers who are required to make quarterly payments must anticipate what their tax liability will be, and make quarterly payments in an amount sufficient to defray that liability. If you anticipate taking advantage of the NAP credit, you may take that into account when determining the amount of your estimated payments. The donor would claim the NAP credit on their year-end tax return. You should consult with your individual tax preparer or accountant for specific information.
