**84% of our families remain housed
and self-sufficient.**

(Homeless Information Management System 2013-17)

BUILDING THE WAY HOME

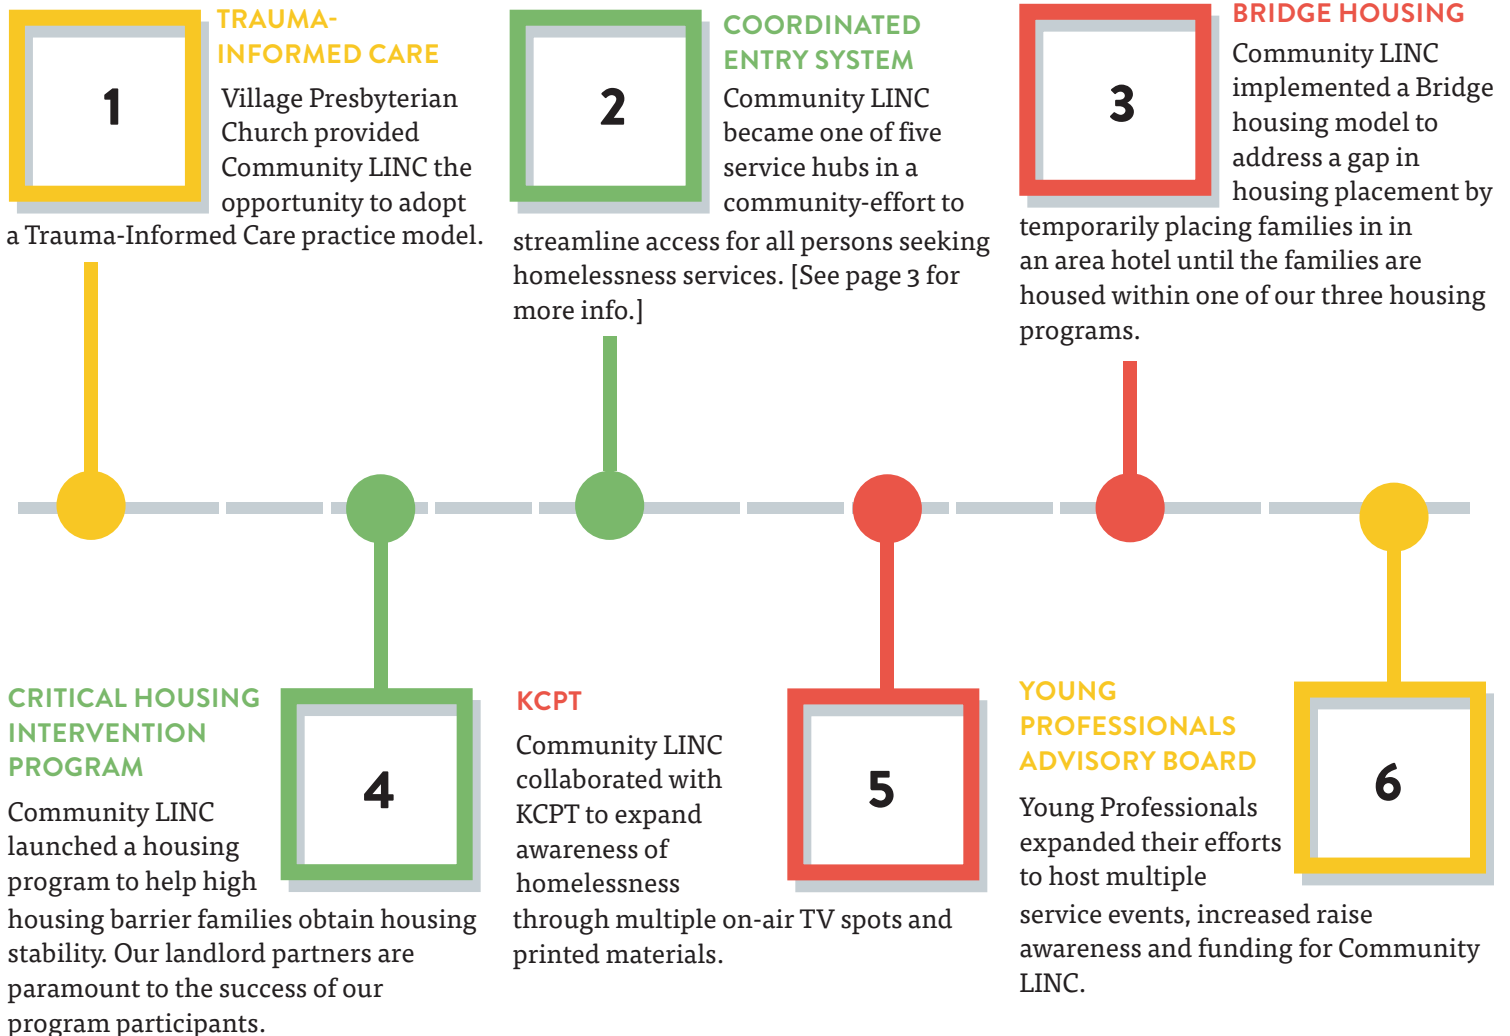

For three decades, Community LINC has delivered housing and supportive services to nearly 4,246 homeless families representing over 14,000 individuals in Greater Kansas City. Our approach is to drive communal change from homelessness to home**fullness**.

Thanks to you, we are ending homelessness in Kansas City for this generation and the next.

INSIDE THIS ISSUE

Homeless to Home fullness	pg. 5
Accountability and Transparency	pg. 15
Financials	pg. 18-19
Ways to Engage	pg. 28

2017 HIGHLIGHTS

CONTINUUM OF CARE'S COORDINATED ENTRY SYSTEM

One of Community LINC's most important collaborative efforts in 2017 was to partner with other homelessness agencies in the Greater Kansas City area to create the first coordinated entry system. The vision was to streamline support for any homeless person seeking services. This new system will also give us insight into gaps in services within our community and give us the ability to access real-time bed inventories.

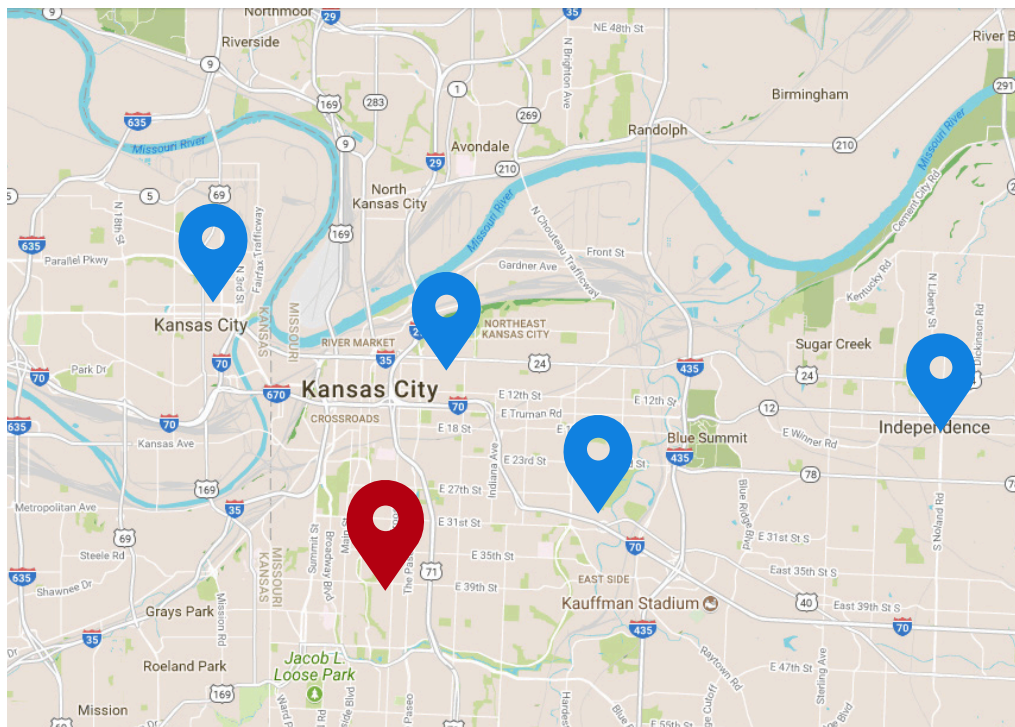

Community LINC is committed to ending homelessness in our community. We envision anyone experiencing homelessness or at risk will have access

to housing and services within the community. It is because of this commitment, Community LINC voluntarily became one of five coordinated entry sites in the Greater Kansas City area.

Community LINC's staff completes assessments utilizing the Vulnerability Assessment Tool – the evidence-based model adopted by community agencies. The information collected is used to prioritize individuals and families according to greatest need and vulnerability. Community homelessness services agencies meet to prioritize agency placement according to severity.

COORDINATED ENTRY SCREENING SITES

JACKSON COUNTY MISSOURI AND WYANDOTTE COUNTY KANSAS

DID
YOU
KNOW?

In 2017, a Greater Kansas City area family renting their home had to earn a minimum of \$18.19 per hour to afford a two-bedroom rental unit at fair market value; i.e., work 95 hours each week at the Missouri minimum wage of \$7.70 per hour.

STEPPING UP

by **Dan Carroll**
Board Chair, Community LINC

It seems that the most common question I am getting these days is how we, as a society, should pay for homeless services. The ball for who pays is currently being

passed from the government to private donors and corporations. How that will play out is still unfolding. What is clear is that we can, and in fact as a society do, make a choice to pay significantly more over very long periods of time instead of investing a little more over the short-term. This short-term investment is not only cost effective; it is the best way to respect the dignity and address the challenges that homeless families face.

Most of you reading this are already aware of this fundamental fact. But where there are clear answers, understood by both experience and data, a simple question emerges; What specifically can I or my organization, company or community do to create the greatest impact towards ending homelessness?

A little more than a year ago, the board and staff at Community LINC began taking a hard look at what stepping up would look like. It would have been easy at that time to simply stay the course. Through the hard work of our staff and our committed supporters we doubled our size over the past five years and more than doubled the number of families we serve. But if our mission is to “end homelessness in Kansas City for this generation and the next”, it was clear that we all needed to find a way to step up once more.

In the year since, we have joined together with our colleagues to launch a new metro-wide program for anyone seeking homelessness services. As a result, Community LINC is now one of five points of entry through which one can gain access to housing and services. This not only means better and more consistent services, but also greater insight into client needs and service outcomes. For the first time, Kansas City has the ability to see the whole problem and identify the best solution. This vantage point has also provided us with insight into some of the major gaps in service in Kansas City. Some of the basics like prevention and affordable housing are clearly not being given enough attention despite their cost efficiency and long-term efficacy.

Throughout this year we will be sharing with you information about how the larger Kansas City community is able to step up. We will also provide all of you with new ways to create the greatest possible impact.

Community LINC is being asked to step up in some significant ways. Despite decreased funding from government sources, we are simply dedicated to ending homelessness. We are going to succeed because of the resilience of the people we work with, the talent and vision of our team of collaborators and in no small part because of your generosity.

On behalf of the board of directors, we thank you for stepping up!

30 YEARS OF HOMEFULLNESS

1988

2017

HOMELESS TO HOMEFULLNESS

The Johnsons situation is not uncommon for many of our families. After five years of service, Larry Johnson was laid off. Soon after, the Johnsons fell behind on bills and were eventually evicted. Suddenly, the

couple found themselves with two young daughters, homeless and without any income – until they came to Community LINC. Although their situation was precarious, the family remained upbeat; this family was not about to give up.

While enrolled in school, the Johnson children attended Community LINC's Children's

Program activities. Equally, Marie and Larry Johnson participated in case management meetings, job preparation classes, and budgeting sessions. Before long, the couple's persistence paid off.

They each applied and were hired by a new communications company that recently relocated to Kansas City. Soon, they were able to move into their own permanent home well ahead of time. Homefull and thriving, they recommended Community LINC to their employer for the 2017 holiday season family adoption program. The Johnson family's commitment is common for many of our families. While initially faced with multiple obstacles, the Johnsons displayed incredible resiliency towards becoming homefull.

Community LINC is committed to building a stronger Kansas City; a place, a home, a community for everyone.

Families living at or below the poverty level often make up the approximately **42 eviction proceedings** filed in Kansas City courts every day.

LOOKING FORWARD

by Precious Stargell Cushman
CEO, Community LINC

Our goal is to offer hope by changing the trajectory of families from homeless to home**full**.

Our work recognizes and respects the dignity, resilience, and strengths of the families we serve. We recognize and appreciate the importance of stability and safety in a person's life; even more so pronounced in the lives of children. As a result, so much of our work centers on the long-term wellbeing of the families in terms of their self-sufficiency, connection to services, and most importantly, stable housing.

Our forward-looking approach will continue to drive communal change toward those aspects which create family home**fullness**:

- Improving access to employment opportunities and strengthening systems to support comprehensive livable wages;
- Improving coordination with education, health and behavioral health, and other communal resources; and
- Expanding the supply of safe, affordable, and accessible housing;
- Preventing homelessness from occurring in the first place.

Because of you and the incredible staff, we are making an impact — a lasting impact — by creating home**fullness**. Thank you for your investment in furthering our efforts.

So much of what we do at Community LINC restores as well as inspires hope. Families come to us often unclear about their futures; we endeavor to create a place, a home, and a community for everyone.

This year was no exception. In fact, this year signaled a shift, a community change, in both scope and intention. As a community, Greater Kansas City came together with a coordinated referral and housing placement process to streamline access for all homeless individuals. We raised our hand to take a leadership role in bringing about this change as one of five Greater Kansas City points of entry for access to housing and services for homeless individuals and families.

At a time when there was so much uncertainty associated with government funding and policy changes, we remained resolute in our care and support model. In fact, we did more. Before and despite the challenges, we set out an ambitious course for ourselves. We developed a pilot housing program for truly higher barrier families; implemented a new trauma-informed organizational methodology; launched two-generational programming; and embarked upon a new strategic plan.

LEADERSHIP STAFF

Precious Stargell Cushman
Chief Executive Officer

Teresa McClain
Director of Fund Development

Jeannine Short
Director of Programs (retiring)

Moji Shogbamimu
Director of Operations (new)

*After six years of service, JoAnne Owens is retiring in May 2018, and Moji Shogbamimu has accepted the role of Director of Operations. Please join us in wishing JoAnne the very best and extending a warm welcome to Moji.

OUR VOLUNTEERS

Community LINC's volunteers are the life of all that we do. They selflessly donate their time and efforts to provide services and support for the families we serve. We are extremely grateful. Here are a few of our heroes.

STEPHANIE MOORE has been a faithful volunteer since 2016. Once a week, she can be found lovingly playing games with the kids or providing comfort to our littlest ones.

"I think Community LINC has a good thing going. Everyone is personable, and people genuinely care here. I love you guys and think you are awesome."

KIM DREW, personal budgeter, has been dependable for eight years. Besides helping to crunch numbers, Kim has provided budgeting support to dozens of families. Kim is also a member of one of our long-time supporters, Graceway Church.

"Helping clients establish budgets, resetting priorities and becoming financially responsible brings me joy!"

LINDA FLAKE began volunteering with Community LINC over a year ago. She works tirelessly gathering donations and housewares. Additionally, you can see Linda leading a team of apartment preparers to make each on-site apartment home ready for new families.

"We always leave with big smiles on our faces and much love in our hearts at the transformation we just made happen."

SPECIAL TRIBUTE TO THE WAGNER-ALLEY-HARBIN FAMILY

Judith Wagner, Barbara Alley, and Ann Harbin have been involved with Community LINC since 1993; all three having served on our board of directors. At a time when Community LINC had an annual budget of less than \$100,000 and our organization's future seemed uncertain, these women saw more than what Community LINC was...they saw what it could be. They so strongly believed in Community LINC and the idea of ending homelessness in our community, they took action in a way that most people only think or speak of. They personally invested their time, leadership, and financial resources to ensure Community LINC's lasting impact.

"Watching Community LINC become one of the largest programs serving homeless families in Kansas City has been one of my family's proudest moments," Judith Wagner.

This year, these amazing women partnered to establish the Edelman Family Fund to carry on their family's passion for ending homelessness in Kansas City. The fund will serve as a

matching gift challenge for the 2018 *Light the Way Home* Breakfast. Due to their generosity and dedication, Community LINC will be able to help even more homeless families in 2018 and for years to come.

On behalf of the 14,000 homeless individuals in Greater Kansas City served over the past 30 years, we **thank you**.

Community LINC volunteers spent over: **200** hours preparing on-site apartments, **115** hours providing budgeting assistance, and over **590** hours being a positive influence in the lives of the children of Community LINC.

MARK YOUR CALENDAR...

On Saturday, October 6, 2018, Community LINC will host its annual Rent Party at the Westin Hotel at Crown Center. More than 650 guests will gather for an evening of fun, delicious fare, dinner and live auctions, entertainment and an opportunity to raise critical funding for homeless families in Kansas City. We'll also honor Deanna and Greg Graves with the inaugural Hometown Hero Award for their significant philanthropic impact in our community.

DEANNA AND GREG GRAVES

The Hometown Hero Award was established to illuminate the extraordinary impact an individual, couple, or organization has made to the Greater Kansas City area for the betterment of the lives of our most vulnerable citizens.

Originally from South Dakota, Greg and Deanna Graves relocated to Greater Kansas City 38 years ago when Greg accepted a job with engineering firm Burns & McDonnell, where he would eventually become CEO. Since then, Greg and Deanna's names have become synonymous with philanthropy and the Kansas City community. For the Graves family, it wasn't a choice to give back but a personal expectation – and give back to their adopted hometown.

“Philanthropy is more than a calling, it is a way of life. To give back to a community there must first be a belief in that community as a whole.”

Greg and Deanna have also made additional efforts to pass their philanthropic beliefs on to their children. Together with their three children, they have established the Graves Family Foundation, ensuring that the legacy started by Greg and Deanna will be able to continue on through their children and someday their grandchildren.

We look forward to honoring their legacy at the 2018 Rent Party.

We invite you to support the 2018 Rent Party to ensure that every child and every family has the opportunity to thrive! For more information, contact Tiffani Kintchen at 816.389.8255 or tkintchen@communitylinc.org.

In 2017, our volunteers donated over **300** hours for our special events, **helping to raise 25% of our annual budget.**

OUR COMMITTEES

OUR VALUES

ACCOUNTABILITY AND TRANSPARENCY

As a data driven and evidenced-based agency, Community LINC is committed to transparency and accountability with both financial and program performance. As such, we maintain high standards by conducting:

Regular and timely filings of the IRS 990 Form

Annual reviews and approval by charity navigator

Independent audit conducted yearly

Regular review of financials and program performance by the board of directors

External audits by state and federal funders

Routine evaluations and assessments of program services and delivery

BOARD COMMITMENT

The board of directors and staff evaluate performance metrics each month. Sound financial stewardship allows for the highest levels of program funding.

For more information, please contact Teresa McClain at tmcclain@communitylinc.org or 816.595.5553.

SPECIAL THANKS

We are grateful to these partners who hosted fundraising events and donated the proceeds to support the programs of Community LINC.

WAYS TO ENGAGE

LOVE KIDS?

Invest in the future of children by volunteering for our Children's Program. Help with a variety of tasks including: curriculum development, stocking our community libraries, and working one-on-one with children.

PREPARE THE WAY HOME

Volunteer apartment teams help us prepare apartments with furniture and other housewares before the arrival of each homeless family. Put your skills to work arranging an apartment with beds, sofas, and household items.

MAINTENANCE

Do you have basic maintenance skills? Volunteer to help us provide safe, clean housing for families.

TELL A FRIEND

Become a voice for homeless families by attending and inviting others to attend a Way Home Tour. Tours are held at Community LINC the first and third Tuesday of each month at 4:00 p.m. Have a group of 10 or more? Please come or we'll bring the tour to you!

OTHER EXPERTISE

Have other skills you'd like to lend a hand? Expand our capacity and help our staff by providing marketing skills, data analytics, administrative assistance, or serve on our Rent Party committee.

Ready to answer the call or learn more about these opportunities? Please contact Daniel Barber at 816.531.5862 or volunteer@communitylinc.org.

IN-KIND DONATIONS

Community LINC always accepts in-kind donations. If you would like to donate any of the below items, drop-offs are accepted between 8:30a.m. - 4:30p.m. Mon-Thurs and 8:30a.m. - 12:00p.m. Fri. Pickups can be arranged for larger items by contact Daniel Barber at volunteer@communitylinc.org.

GENERAL SUPPLIES
